SUBJECT: LOCAL TASK FORCE FOR INTEGRATED WASTE MANAGEMENT PLAN

Dear Mr. Peterson:

The Integrated Waste Management Act of 1989 (ACT) requires that the county convene a Local Task Force to assist in coordinating the development of city and county source reduction and recycling elements required by the legislation.

The Local Task Force for San Joaquin County was convened in February of 1990 and has met regularly as needed since that date. The cities each appointed one of their council members to serve on the task force and the County Board of Supervisors appointed one of its members to the task force and approved the task force by board order.

The legislation requires that the task force membership also be approved by a majority of the cities representing a majority of the population in the county. Therefore, we request that by July 31, 1990 your City Council adopt a resolution that approves the formation and membership of the Local Task Force.

Attached, for your information, is a sample resolution that would meet the requirement of the ACT. After adoption of a resolution, please send it to me for processing to the Integrated Waste Management Board.

If you have any questions, you may reach me at (209) 468-3066.

Sincerely,

Tom Horton
Solid Waste Manager
